

TLC Group Health Insurance

TLC provides Group Health Insurance that offers medical insurance coverage for TLC Employees from a wide range of health issues.

Considering the increasing cost of medical expenses, we provide our employees with health insurance covering them under both Group Medical Coverage and Group Personal Accident. These health insurance policies aim at covering medical expenses of employees for various major and minor treatments.

Please feel free to contact our HR team at hr.helpdesk@tlcgroup.com for any further information on this.
